

Israeli contractor helps out Uganda school

Solel Boneh International (SBI) Holdings, an Israel based road Construction Company has given out an assortment of school equipments to two Ugandan schools in a bid to improve education standards writes PAUL TENTENA.

The group, which was established in 1958, has since gained repute in all areas of civil engineering, development and construction.

It is currently working on many projects in Uganda including the Kampala-Masaka Rd (124 Km), Malaba/Busia-Bugiri Rd - 82 Km, Lubowa Housing Project -3000 housing units, Mbarara-Ntungamo Rd -EU Project -59 Km, Ntungamo-Kabale-Katuna Rd -EU Project - 65 Km, Mukono-katosi-Nyenga Rd -74 Km and Mukono-Kayunga-Njeru Rd - 93 Km.

They gave out computers, school desks, chairs, music instruments, playing materials to the Ntinda School of the Deaf and officially set up a computer lab at Little Light School found in Namuwongo. SBI also renovated and painted the pre-primary section of the Ntinda School for the Deaf. This was during the Good Deeds Day, which the company marked in Uganda. Uganda's Prime Minister Dr. Ruhakana Rugunda praised SBI international for offering a better learning environment to the School of the Deaf students.

FOR THE DEAF: Uganda's State Minister for Labour and Employment Kamanda Balingaya cutting a ribbon to open a computer Lab at the Ntinda School for the Deaf. SBI International holdings, an Israel based company equipped the lab with computers, chairs and desks. Next to him is Efrat Peled, the Chair Man and CEO of Arison Investment during the Good Deeds Day.
